

Impact category		
Ozone depletion		
Human toxicity, cancer effects		
Human toxicity, non- cancer effects		
Particulate matter/Respiratory inorganics		
Ionising radiation, human health		
Photochemical ozone formation		
Climate change		
Ionising radiation, ecosystems		
Acidification		
Eutrophication, terrestrial		
Eutrophication, aquatic		
Ecotoxicity (freshwater)		
Ecotoxicity (terrestrial and marine)		
Land use		 
Resource depletion, water		
Resource depletion, mineral, fossil and renewable
